Put first things first

"Put First Things First is about life management as well—your purpose, values, roles, and priorities. What are 'first things'? First things are those things you, personally, find of most worth. If you put first things first, you are organizing and managing time and events according to the personal priorities you have established."

"Effective people are not problem-minded; they're opportunity-minded. They feed opportunities and starve problems." ~ Merrill & Covey (1994)

"The discipline of executing on your priorities." ~ Donnelly (1996)
